

We've been located in central Arkansas for 35 years, and over 500,000 Arkansans trust us with their smiles.

We're working to give you access to the largest network of dentists so you have more choices closer to home.

If you have Medicaid, you now have a choice for dental benefits.

Make the most of it with Delta Dental of Arkansas.

# Don't miss your chance to make Delta Dental of Arkansas your Medicaid dental insurance provider.

Around December 6, 2017, look for a letter from Arkansas Department of Human Services (DHS) listing your assigned benefits provider.

If the letter says you're assigned to Delta Dental, congratulations! You're with the only company from Arkansas approved to provide dental benefits for the AR Medicaid and ARKids First programs.

If you're not assigned to Delta Dental, and you want us to be your dental benefits provider, call 1-800-322-5580 before the March 2018 deadline.
